

Industrial strength suction cup for your quick-release HERO camera. This is the suction cup mount that comes with the Motorsports HERO and Motorsports HERO Wide cameras. Strong enough to pull dents out of a car door (unfortunately tested and proven by GoPro) or stay attached to an airplane at 200mph+, proven though not endorsed by GoPro per FAA rules.

Perfect if you own a Helmet HERO, Surf HERO, or Wide HERO camera and want to add a suction cup mount to your arsenal. Attaches to cars, motorcycles, snowmobiles, cockpits, you name it.

NOT RECOMMENDED for surfboards, snowboards or other high-impact sports. Only recommended for non-impact activities.

What's Included:

- 1 Suction Cup Camera Mount
- 1 Rotational Joiner Arm
- Warranty: 1 Year
